* Internal trade deliveries. The classification of purchases and deliveries within the interzonal trade does not correspond to the S.I.T.C.; therefore, these figures are not strictly comparable with those shown for the other countries.

* Livraisons interzones. La classification des achats et des ventes à l'intérieur du commerce interzone ne correspond pas à celle de la C.T.C.I.; aussi ces chiffres ne sont pas exactement comparables à ceux donnés pour les autres pays.
