EXS/78/81  
PART I

+ Com. 2-11-78

To : Secretaries of Delegations (Council)

c.c. : Directeur du Cabinet  
Secretary, IMS Secretariat  
Secretary, Political Committee  
Secretary, Economic Committee

From : Executive Secretary

Subject : Downgrading Programme : Declassification of documents issued by the Council, the Private Office, the Executive Secretary, and the relevant Committees in the political and economic fields from 1952 to 1965

As part of its declassification programme, the NATO Registry has prepared the attached list of classified documents in the C-M, C-R, PO, RDC, AC/26, AC/34, AC/40, AC/89, AC/108, AC/110, AC/113, AC/119, AC/127 and AC/146 series, issued from 1952 to 1965.

2. In accordance with paragraph 75 of enclosure "C" to C-M(55)15(Final)(1) and the recommendations in paragraphs 105 and 106 of the Report of the Select Security Committee (2), the appropriate authorities are requested to review these documents with a view to their complete declassification. In considering this process, several factors should be taken into account : the age of the documents, their frequent overclassification - the items of Council records issued before April 1955 were not classified separately - the limited access to the few remaining copies and the fact that NATO UNCLASSIFIED documents remain the property of the Organization and are not to be made public without authorization (3).

- 
- (1) "The originating member nations and NATO commands and agencies should keep under constant review all documents which they have originated to ensure that the original security classification still applies and should downgrade or declassify wherever possible so that the security system is not overloaded with documents the contents of which no longer require their original classification".
- (2) PO/70/91
- (3) C-M(55)15(Final), Volume I, Enclosure "C", paragraph 4.1.

PART I

3. In order to assist the originators, the documents have been listed according to their subject. For convenience, the list has been divided into three parts as shown in the table of contents. The first part is attached to the present cover note ; parts II and III are issued separately.

The declassification should cover :

- (a) all versions of the documents and records of meetings in the list - i.e. draft, original, revised, final, agenda, summary and verbatim;
- (b) all background material to the declassified documents, namely working papers, letters, memoranda and other contributions originated by the International Staff, the Military Authorities and national Delegations.

4. Objections to the declassification of any of the documents at annex should be notified to this office before 31st March, 1979, the date on which they will otherwise be declassified to NATO UNCLASSIFIED.

(Signed) G. SEKERIS
