#### **We are**

The European External Action Service (hereafter, the "EEAS") supports the High Representative in the exercise of his mandate to conduct and implement an effective and coherent EU Common Foreign and Security Policy (hereafter, the "CFSP"), to represent the EU and to chair the Foreign Affairs Council.

It also supports the High Representative in his capacity as Vice-President of the Commission with regard to his responsibilities within the Commission in the external relations field, including the coordination of other aspects of the EU's external action. The EEAS works in close cooperation with the EU Member States as well as the General Secretariat of the Council, the services of the Commission and the Secretariat General of the European Parliament.

The Hybrid Threats and Cyber Division (MD-PSD.SECDEFPOL.2) leads on and coordinates the EU's efforts to address external security threats in the fields of hybrid and cyber threats, in particular through the development and operationalisation of policies, operational tools and international engagement, fulfilling the EU level of ambition, as expressed in the Strategic Compass of 2022. This includes efforts to promote international peace and security as well as democratic values, including in negotiations in the United Nations and other international fora, and to deter and respond to external threats of hybrid and cyber nature by using the EU's Hybrid and Cyber Diplomacy Toolboxes, as well as cyber defence instruments. Furthermore, the Division undertakes active dialogue, cooperation and coordination with EU Member States, relevant EU institutions, bodies and agencies, third countries, the multi-stakeholder community, as well as international and regional organisations, such as the OSCE, OAS, AU and ASEAN. It seeks to enhance the EU-NATO cooperation in countering hybrid and cyber threats and in the field of resilience, in particular with regard to realising synergies between both organisations on their respective cyber defence policies. The Division also actively engages with external partners to assess their needs and to identify capacity-building opportunities, including through CSDP engagement. The Division moreover actively increases in-house and the EU Member States' awareness of and capacity to react to hybrid and cyber threats, e.g. through practical exercises, training and networks.
