Subject: Call for Deployment/Contributions for three (3) CRT or other Member State Experts to support the European Union CSDP Mission in Niger (EUCAP Sahel Niger)

Reference: Council Decision 2012/392/CFSP of 16 July on the European Union CSDP Mission in Niger (EUCAP Sahel Niger)
Council Decision 2014/482/CFSP of 22 July 2014 on the European Union CSDP in Niger (EUCAP Sahel Niger) Amending and Extending the Mission Mandate until 15 July 2016

Dear Ambassador,

1. Background

The Council Decision 2012/392/CFSP of 16 July 2012 established a European Union CSDP Mission in Niger (EUCAP Sahel Niger) with a mandate to support the capacity building of the Nigerien security actors to fight terrorism and organised crime which was extended by the Council Decision 2014/482/CFSP of 22 July 2014.

In view of the imminent opening of the Field Office in Agadez, the Mission has increased the number of visits to that location. Therefore a medical assistance i.e. the presence of a Doctor and/or a Para-medical during the team's missions to Agadez is necessary.

In support of the Mission's efforts to build-up the facilities of the Field Office in Agadez, as well as for ensuring that the activities related to the physical upgrade of the Mission HQ are consistently planned and executed, the expertise of an engineer with experience in managing physical projects is required.

I kindly invite EU Member States to put forward qualified candidates for the positions described in the Annex 1.

2. Methodology

- a) EU Member States are requested to examine the personal profiles and job descriptions to ensure that:

- Proposed candidates meet the listed criteria described in the essential requirements and in the job description (**Annex 1**).
 - Each candidate completes the standard job application form in English or in French (**Annex 2**). Applications will be considered only when using this form.
- b) Proposed candidates should satisfy in full the criteria set out in the job description. The main criteria for suitability for the post are professional and specific skills and experience.
- c) I would appreciate it if EU Member States would submit offers of personnel at their earliest convenience, **but not later than close of business on Friday 18 September 2015 at 17:00 hours (Brussels time)** to the following email address:

cpcc.crt@eeas.europa.eu

- d) Selections will take place during the course of September 2015.
- e) The Civilian Planning and Conduct Capability (CPCC) will be responsible for notifying EU Member States of the outcome of the selection process. Communication of the selection results is expected to take place in September 2015.
- f) Selected personnel should be ready for deployment to Niger as soon as possible.
- g) The duration of the deployment should be of 3 months with the possibility of extension.

3. General Information

- a) Only personnel nominations received through official channels from EU Member States will be considered. EU Member States will bear all personnel-related costs for seconded personnel, including salaries, medical coverage, travel expenses to and from the Mission area (including home leave where applicable), accommodation and allowances other than those paid according to the Council documents 7291/09 (10 March 2009) and 9084/13 (30 April 2013). High risk insurance, applicable to all International staff members, will also be covered by the Mission budget.
- b) The EU strives for improved gender balance in CSDP operations in compliance with UNSCR 1325. EU Member States are encouraged to take this into account when offering contributions.
- c) The selected candidate will have to be in possession of the necessary level of Personnel Security Clearance (PSC) as specified in the job description (EU Confidential), when deployed. The seconded personnel should bring the original certificate upon deployment.

The holiday arrangements are set at a national level and subject to change. The national arrangements as applied for regular secondments to CSDP Missions could be used as an indication for a proper holiday arrangement for CRT/EU Member State experts as well. Due to the nature of the short term assignment, it would be preferable that accrued holidays be taken after the deployment has ended.

As a rule there is no leave included during CRT deployments. Any leave will be considered as interruption of service, there will be no allowances of any kind paid by the mission during any leave period and all travel costs related to the leave must be borne by the sending Member State or by the expert.
