MAXIMUM QUOTA FOR EACH COUNTRY

- The number of proposals by the permanent representations or missions cannot exceed the quota mentioned below.
- For the first exercise of the year (March), the permanent representations or missions can use the whole quota fixed for the year. It is however highly recommended to limit the number of proposals to half the quota in order to have sufficient possibilities for the second exercise of the year.
- For the second exercise of the year (October), DG HR sets the quota for each country, by deducting from the total quota of the year the number of NEPT who really started in March.
- Be informed that the quotas are being revised.
