**EEAS Vacancy Notice Administrator**

**Space Policy Officer – SG.TF-SPACE**

**(EU Staff Members: AD5-12/ Candidates from national diplomatic services: AD07)**

**We are:**

The European External Action Service (EEAS) supports the High Representative in the exercise of his mandate to conduct and implement an effective and coherent EU Common Foreign and Security Policy (CFSP), of representing the EU and of chairing the Foreign Affairs Council.

It also supports the High Representative in his capacity as Vice-President of the Commission with regard to his responsibilities within the Commission in the external relations field including the coordination of other aspects of the EU's external action. The EEAS works in close cooperation with the General Secretariat of the Council, the services of the Commission and the Secretariat General of the European Parliament.

The High Representative of the Union for Foreign Affairs and Security Policy manages the CFSP/CSDP aspects of the EU's space activities and ensures the consistency of the EU's external action in the space domain.

The High Representative has operational responsibilities in the case of threats to or through the European GNSS system (soon to be extended to the other components of the future EU Space Programme) and exercises the operational direction to the EU Satellite Centre.

The High Representative's / European External Action Service's involvement in space activities is rapidly growing with the greater involvement of the EU in space and the consequently rapidly increasing requirements to address the security aspects of these activities.

With the view to make this involvement possible, a Special Envoy for Space (SES) was nominated, who is supported by a Space Task Force.

The SES is instrumental in developing the EU approach to the Safety, Security and Sustainability in Outer Space (3SOS approach), building upon the principles of the former Code of Conduct in Outer Space in the framework of the United Nations.

**Clarifications:**

- The present position is classified, according to section A of Annex I SR, as a post of Administrator. Candidates who are EU officials in the function group AD must therefore occupy at the moment of the application (or have occupied as the last post before their change in administrative status<sup>3</sup>) a post of "Administrator" grades AD5-AD12 or be an EU official in the function group AST who is on the list drawn up according to Article 45a (c) SR ("certification procedure").
- Officials assigned according to Article 30 of the annex XIII SR to the type of post "Senior Administrator in transition" (AD14) or "Administrator in transition" (AD13) can apply for posts which correspond to the type of post of Administrator. If selected, she/he will be transferred in the interest of the service. This transfer in the interest of the service will not modify the Type of Post of the person. Transfers in the interest of the service under Article 7 SR are only possible within the same Institution; therefore EU officials AD13 and AD14 from other Institutions are not eligible.
- Candidates who at the moment of the application are EU officials, independently of their administrative status, cannot request to be recruited as temporary staff to whom Article 2(e) of the CEOS applies, i.e. staff seconded from national diplomatic services of the Member States
- Applications from officials currently serving in a Delegation are, in principle, not eligible and may only be considered in the interest of the service or in case of an application for a higher type of post ("career progression"). This is due to the need to ensure sound financial management of the limited financial resources, given the fact that the assignment of a staff member to a Delegation has important budgetary and business continuity implications.
- "Career progression" refers to applications for a higher type of post according to Annex I SR. In this case it refers to EU officials in the function group AST who are on the list drawn up according to Article 45a(c) SR ("certification procedure") and apply for their first AD post.
- In order to be considered as a candidate from national diplomatic service in the sense of Article 98 SR, such candidates shall provide at the moment of their application a certificate from their national diplomatic service which will clearly state that they are staff from national diplomatic service, as well as a guarantee of "immediate reinstatement at the end of their period of service to the EEAS" in accordance with Article 50b(2) CEOS.
- Competition EPSO laureates may express their interest for this job, provided that they meet the eligibility requirements set out at points 3 and 4 above. Their candidatures will be considered only in the event that no suitable candidate can be found among candidates covered by article 29 (1) (a) and article 98 SR or article 29 (1) (b) SR. Should a competition laureate be selected for this job, she/he will be subject to the same obligations of mobility as other EEAS staff members.

Candidates should:

- have an excellent ability to maintain diplomatic relations and to ensure representation, communication in a complex, multicultural environment;
- have an excellent capacity to create constructive working relations with national authorities, international organisations and EU Member States;

The procedure will take place in three different and successive steps:

### 1. Application

Candidates may apply to the post of "**2020/154- HQ (AD) – Space Policy Officer – SG.TF-SPACE**".

During the on-line application procedure candidates will have to upload their **CV** and **motivation letter** (in English or French). Candidates are invited to use the "Europass" CV format (<https://europass.cedefop.europa.eu/documents/curriculum-vitae>) for their applications.
