

**I was attacked and robbed. Can you help me?**

If you are a victim of a crime, immediately contact the Bulgarian diplomatic mission in the country. In these cases, consular officers may:

- Help you get medical help, if you need one;
- Contact your family or friends to inform them of what happened;
- Assist you to get the money that your family or friends can transfer to you;
- Provide you with a list of attorneys who can take your defense.
