MEMORANDUM

To: Members of the Political Committee

From: Acting Chairman

IMPLEMENTATION OF THE FINAL ACT OF THE CSCEPreparation of the Seventh Report by the Political Committee

At its meeting on 1st October, 1975 the Council agreed that reports on those aspects of the implementation of the Final Act of the CSCE which have a particular importance for members of the Alliance could be prepared by the Political Committee.

2. In order to start preparations of the seventh such report, which will cover the period 1st May-15th October, 1978, I attach a questionnaire on Eastern implementation dealing with the Declaration on Principles guiding relations between states and the chapter on Co-operation in the Humanitarian and Other Fields.

3. In keeping with the normal practice, it is for each government to decide whether and how to reply. But I do hope that as many nations as possible will respond, as fully as they can. This questionnaire is intended to collect facts about implementation on a comparable basis so that general trends may be identified.

4. Even if some governments find it difficult to provide answers to some of the questions, I hope they will respond to those for which they do have information. In addition, those completing the questionnaire are invited to provide any commentary they believe appropriate in responding to individual questions.
