TREATIES AND AGREEMENTS BETWEEN NATO MEMBERS  
AND THE SOVIET UNION AND EASTERN EUROPEAN STATES

At the Council's meeting on 15th March, 1967, a number of Permanent Representatives expressed an interest in the compilation of a list of bilateral treaties and agreements which are either in force, under negotiation, or contemplated between NATO member governments on the one hand, and the Soviet Union and Eastern European states on the other hand.

2. In accordance with the Council's intent, the International Staff has regularly compiled information about these treaties and agreements prior to each semi-annual NATO Ministerial Meeting. This information has been based on data supplied by Delegations.

3. The attached document replaces and brings up-to-date PO/67/345 of 23rd May, 1967, as amended and, in the economic field completes information collected since 1962 by the Committee of Economic Advisers on trade agreements(1). Only treaties and agreements concluded since 1st January, 1946 and still in force have been included.

4. The document has been printed in looseleaf binder form so that periodic changes may be registered and additional information added as needed.

(Signed) Manlio BROSIO

EXPLANATORY NOTES

1. The attached document consists of three parts:

- ANNEX A: CHART OF TREATIES AND AGREEMENTS
- ANNEX B: LIST OF TREATIES AND AGREEMENTS
- ANNEX C: PLANNED TREATIES AND AGREEMENTS (NOT YET IN FORCE, UNDER NEGOTIATION, OR CONTEMPLATED).

2. The purpose of ANNEX A is to present graphically a comparative picture of the main areas where East-West agreements exist or are envisaged.

3. ANNEX B lists all treaties and agreements about which the Secretariat has been informed. They are arranged in four broad categories:

- political and general relations;
- economic and commercial relations;
- scientific and cultural relations;
- consular and administrative matters.

Cross-references have been used where a single agreement seems to cover more than one category; for example, a single treaty may treat economic as well as scientific, technical or even cultural matters. The list is limited to those agreements concluded after 1st January, 1946 and still in force, and those under negotiation or contemplated. Generally each treaty listing contains a treaty title, date of signature, date of entry into force, period of validity, and an indication of the reference document in which the treaty was published. Abbreviations used include:

- UST - United States Treaties and other International Agreements
- TIAS - Treaties and other International Acts Series
- UNTS - United Nations Treaty Series
- J.O. - Journal Officiel de la République française

- M.O.C.I. - Moniteur Officiel du Commerce et de l'Industrie (French commercial agreements)
- RECUEIL - Recueil des Traités et Accords de la France (Années 1958 - 1959 - 1961 - 1962 - 1963 - 1964, années 1960 - 1965 et 1966 en préparation)
- B.L. - Bulletin des Lois (French)

4. The purpose of ANNEX C is to pool information about progress toward the conclusion of new treaties and agreements. ANNEX C is a separate list of treaties and agreements under negotiation, contemplated, or not yet in force.
